DAILY ADDITIONS TO HOSPITAL FUND

Another Former Alexandrian, Now of Richmond, Sends Donation.

PROPOSALS FOR SITE

Contributions Today Bring Sum for New Structure Up to $40,849.01—Luna Park Picnic.

The hospital work goes bravely on and every day adds something to the contributions. This morning we received two contributions, one from Rev. J. Calvin Stewart, of Richmond, who sent the following interesting letter, also one from Mr. U. G. Winston, of West End, Fairfax County, which shows that our neighbors and former citizens are substantially interested in our great work.

"I am sending you a contribution to the Alexandria Hospital. I am very glad you wrote, for it is a real pleasure to make some offering for your noble work—the hospital. I congratulate you on such an enterprise for our beloved city—so dear to me and so often in my memory." Sincerely yours,

REV. J. CALVIN STEWART.

The committee on site held a meeting yesterday afternoon at 4:00 o'clock at the Chamber of Commerce. The body organized and elected Mr. Robert S. Jones, chairman. They adopted resolutions inviting all persons having sites suitable for this purpose to submit the same in writing, with prices, on or before Saturday, July 11th, 1914. If any one can make any suggestions along this line they are urgently requested to send their suggestion to Mr. Jones, who will present the same to the committee and each proposition will be given prompt and careful consideration, after which the committee will make a report embodying the idea as to the proper location for the hospital. The matter will, however, have to be approved by the Board of Trustees.

Active work is being done along the line of the Fourth of July outing at Luna Park, for the benefit of the hospital and everyone is urgently requested to remember that Luna Park is easily reached with less expense in getting to that point than any other amusement place near Alexandria, with splendid shade, fine tables, and fine grounds for basket picnicing, all of which the management has donated for the benefit of the hospital. There will be no charge for admission and the only source of revenue for the hospital will be the sale of tags for the grown people and children, and the proceeds of the sale of tickets for dancing and the merry-go-round, all of which have been donated by the management. The day and evening will be a continuous round of amusements and play and no one will have cause to regret having selected Luna Park as the place to spend the Fourth of July. In addition to this there will be, as heretofore stated, a number of amateur athletic sports, drills by the A. L. I. and the Boy Scouts of Alexandria, and it is believed by the Washington Scouts.

Also a number of speeches by talented young men from our city and the county will be made.

There can be no more pleasant day spent than the Fourth at Luna Park, as it is doubly attractive from its beautiful location and nearness to the cities of Alexandria and Washington, thus preventing the fatigue and annoyance of a longer journey. Aside from this everyone will assist materially in aiding the good work that the hospital committee has in hand.

NEWS OF THE DAY

Senator Davilmar Theodore, the Haitian revolutionist leader, has been killed in battle, with 50 of his followers, near the Dominican frontier. Cape Haitien is quiet and still in possession of the government forces. Rebels hold the outlying territory and have made several attacks of government outposts. One German cruiser is at Cape Haitien.

Marconi contemplates being able to telephone from Carnarvon, Wales, to New York before the end of this year, was the statement made in London yesterday by the manager of the company in testfying before the royal commission on imperial communications. He added that Marconi also anticipated increasing the speed of the wireless telegraph to 300 words a minute.

Broadway, New York, was filled with the usual afternoon crowd yesterday when a man toppled from the twenty-second floor of the New Equitable Building. He was Curtis W. Athens, a carpenter. His body flashed through the air and landed on the sidewalk in Pine street, a few feet from the Broadway corner. Many persons were passing and several dodged just in time. Athens was killed instantly.

All hope for an adjournment of Congress before early fall disappeared yesterday when a caucus of Democratic Senators voted to remain in session until the trust bills are "disposed of." In connection with this action an effort was made by the administration to obtain a caucus pledge to "pass" the pending anti-trust bills, but it failed.

Christian Brobst, the 15-year-old son of Roy Brobst, a business man of Knoxville, Ia., died yesterday, as the result of a gunpowder explosion Tuesday. The lad was shooting firecrackers and was attempting to discharge a miniature cannon, when it burst

"Binks" Alton died yesterday as the result of being hit on the temple by a batted ball Tuesday in a baseball game between the business men of Mineral Point and Platteville, Wis.

An attempt was made yesterday to assassinate Rev. Father John B. Salerno, pastor of the Church of Our Lady of Mount Carmel, at Passaic, N. J., who has been the center of a bitter fight between factions in the congregation. The rectory was fired by an incendiary. Father Salerno was asleep when the flames were discovered and was unconscious when rescued.

The explosion of a six-pound percussion shell resulted in the instant death of Thomas W. Cook and terrible injuries to Stephen F. Heal, at Brockton, Mass., yesterday. The explosion wrecked the house where the man lived. Cook, who was formerly in the navy, brought the shell home as a souvenir of the Chinese revolution. It burst while he was trying to remove the outer cover.

An assassin, believed to be the agent of a "Black Hand" gang, shot Carmina Dragotta to death in broad daylight in Sackett street, Brooklyn yesterday. Though a policeman saw the murder, the slayer escaped over the roofs of nearby buildings.

TREASURY FIGURES SHOW BIG SURPLUS

Income Exceeds Ordinary Expenses at End of Fiscal Year.

$33,784,452.07 SURPLUS

Exceeds McAdoo's Estimate—Officials Point to Result as Proof of Promises for New Tariff.

Washington, July 2.—Treasury figures completed last night showed that the Federal government went through its first fiscal year under the Wilson administration with its income exceeding ordinary expenses by $33,784,452.07. Nearly $33,500,000 pouring into the treasury yesterday, the last day, brought the total receipts for the year up to $734,343,700.20, $1,500,000 above Secretary McAdoo's original estimate, and turned into a surplus what had promised the day before to be a substantial deficit.

Corporation and income tax payments furnished the stream of gold at the finish. From this source came $26,161,782.82 between the opening and closing of the Treasury yesterday, nad tonight Secretary McAdoo and other administration officials were pointing proudly to the total figures proof of their promises as to what would be accomplished under the new tariff.

The Treasury surplus this year, as last, will be wiped out by Panama Canal expenditures, which have been paid from the general fund. During the twelve months, $34,826,941 has been spent on the canal, and when this has been charged off there will be a deficit for the year of $1,010,058.81 on the books. Last year the canal expenditures amounted $41,741,258, and the final deficit was $400,733. Last year's total receipts were only $691,140,000, but on the other hand the ordinary expenditures were only $654,805,000, or $45,754,248 below this year's total.

Secretary McAdoo estimates that approximately $3,500,000 scheduled in income and corporation taxes, assessments not paid in June because penalty does not accrue against these until July 10th, would have been a clear surplus for the year of approximately $2,500,000.

The Secretary issued a statement saying:

The department is exceedingly gratified with the results for the first fiscal year of the new tariff and income tax law. Unquestionably, very much better results will be obtained during the present fiscal year.

The following figures, were announced for the year, subject to revision upon analysis of complete returns:

Customs receipts, $292,128,527.63.

Internal revenue, ordinary, $308,613,843,73.

Corporation excise and income tax, $43,079,819.44.

Individual income tax, $28,306,336,-69.

Total, $71,386,156.13.

Miscellaneous receipts, $62,125,172,-71, including $3,800,000 surplus of postal revenues for the fiscal year 1913.

Total ordinary receipts, $734,700.20.

Total ordinary disbursements, $700,559,248.13.

Surplus of ordinary receipts, $3,3-784,452.13.

Comparative statement of receipts and disbursements for the last three fiscal years:

Receipts—1912, $691,778,465; 1913, $724,111,229; 1914, $734,343,700.

Disbursements—1912, $654,553,-963; 1913, $682,770,706; 1914, $700,-559,248.

Panama Canal—1912, $35,327,370; 1913, $400,733; 1914, $1,010,058.

Surplus or deficit—1912, $1,897,131; 1913, $$400,733; 1914, $1,010,058.

$65,000 WENT IN SPECULATION

Bank Messenger Handled Servants' Money for Investment.

Philadelphia, July 2.—Thomas Loury, once a coachman and later a messenger for a big banking firm in this city, was given a hearing in court today to explain how he lost all but 32 cents of $65,000 intrusted to him for investment by servants in the wealthy and fashionable section of the city.

"I had done a little speculating with my own money," he said, "and made a bit and lost a bit. A woman who worked in the household where worked heard of my luck. She gave me $200 and I made $42 for her and gave her the money. After that servants worried me ti death ti take their money and speculate for them."

Loury then told how he lost in bucketshops over a period of years money intrusted to him.

"Then, as I see it," said the court, "you robbed those poor servants and then the bucketshops robbed you."

"That's about it," said Loury, sorrowfully. "If I had done just the opposite to what I did mostly, that is, buy for a rise I would have made a lot of money."

Loury became a bank messenger in the firm of the banker for whom he was a coachman for more than 20 years.

Although he handled large sums of money for the servants, he never changed his mode of living, and the court learned he apparently did not spend a cent upon himself.

The prisoner was committed to jail for further investigation.

CARRANZA AND THE PEACE PLAN

Constitutionalist Leader Warned by Junta to Accept Proposals.

IS FACING A CRISIS

Closing in Upon Huerta—Rebels Say They Will Not Be Satisfied Until They Bring Him to Gallows.

Washington, July 2.—That he must except peace on the terms of the United States or take his chances for American intervention was the word sent to General Carranza today.

After vainly trying all of yesterday to get in touch with the first chief of the Mexican revolution the junta here today got a message through to him. In it, was pointed out that the Wilson Administration is determined to force settlement of the Mexican problem by Mexicans themselves. Carranza was urged to agree to unofficial parleys with the Huertista delegates now at Niagara and also to patch up his differences with Villa imediately. The members of the junta expressed themselves as hopeful that a favorable answer will be returned.

The conference of the military chieftains to settle the Caranza-Villa troubles and to decide whether to modify the plan of Guadaloupe, so that a provisional government can be decided on before Mexico City is taken, was expected to commence today. No one here was willing to hazard a guess as to the outcome. The Mexican representatives here were hopeful, but admitted they had no information on which to predicate their hopes.

The fact that the Huerta delegates have received authorization from Huerta to negotiate with constitutionalist representatives was believed by officials here to set at rest the report that Huerta was planning revocation of his proclaimed armistice and a resumption of hostilities at Vera Cruz.

Little information of conditions in the Mexican capital is obtainable here, but it is all to the effect that the situation there continues fraught with serious possibilites.

Vera Cruz, July 2.—General Carranza has instructed his Vera Cruz representative, Heriberto Jara, to use every possible means to prevent the escape of Huerta. Senor Jara that the rebels have sent a body of picked men in disguise to Mexico City for the purpose of not only preventing Huerta's escape, but also to protect the dictator from asssassination.

Two of thse men have obtained employment as palace guards and others have enlisted in General Blanquet's famous Twenty-ninth Regiment, the nucleus of the Brigade De Los Supremos Podres, Huerta's chief reliance.

Senor Jara says the rebels wish, above all things, to prevent the assassination of Huerta.

"We wish to try him legally," he said. "If he escapes we will demand his return as an embezzler, defaulter and murderer. I believe the American people will support the demand that Huerta be not classed as a political offender.

"We are prepared to prove that Huerta has stolen 20,000,000 pesos. Some of these funds are deposited in New York banks. Rafael Zubaran is tracing the accounts there."

General Jesus Carranza, now at Tampico, is quoted as saying that a dozen offers to kill Huerta have been made to his brother, Venustiano, all of which have been rejected.

"We are determined that Victoriano Huerta shall go to the gallows," said Carranza. "But he must go legally."

Travelers arriving from Mexico City today report that Huerta had planned to send his wife and daughters to Puerta Mexico on Monday. When he went to his wife's boudoir in the Palace to bid her farewell he found her on her knees praying. She threw her arms about him, vowing never to leave him and encircling his neck with a string of rosary beads, begged him to swear by the cross [illegible] part from him. [illegible] he manifested great [illegible] refused to take the oath.

Gen. Garcia Pena has sent a message to General Funston asking him to locate Guilhermo Tejara, a young Federal cadet, who came into the American lines to see his sweetheart. The Federal commander wishes to assure the cadet that he will not be executed if he returns.

BLEASE "NAUSEATING" TO HIM.

But Senator Tillman Dreads Appeal to Negroes More.

Spartansburg, S. C., July 2.—Senator Benjamin R. Tillman gave a statement to the South Carolina press yesterday in which he defends the new rules for the Democratic primary election which are harshly condemned by Governor Cole Blease as designed to disfranchise some of his followers in his race for the United States Senate. Mr. Tillman says:

"There is little possibility of our having ever again as bad a Governor as Blease has been. South Carolina can even stand Blease in the Senate, however, nauseating it will be to some of us, but would never recover from an appeal by the Bleasites or any others to the negro vote. Should that occur our civilization would be doomed."

PLOT ORIGINATES IN NEW JERSEY

Former Paterson, N. J., Carpenter Held in Trente, Austria.

HE MAKES A DENIAL

Papers Found on Him Show His Correspondence with Anarchist Leaders in Strike in Italy.

Trente, Austria, July 2.—Admission that anarchists plotted the death of the assassinated Archduke Franz Ferdinand, of Austria, was squeezed out of an Italian named Alessandrini, who recently returned here from Paterson, N. J., and who was arrested here for complicity in the double murder at Serajevo.

Alessandrini, under the severest questioning, admitted he had worked in the American city as a carpenter and that he knew before the assassination of the archduke that the attempt to kill him would be made at Serajevo.

The police sequestered papers found on the man showing that he had been in correspondence with anarchist leaders in the recent Italian general strike and that he had been concerned in the proclamation of a republic in several Italian cities while the struggle with the troops was on.

Alessandrini denied knowing Gavrlo Princip, the archduke's assassin. He will be examined further in attempts to refresh his memory by the most stringent police methods.

ASHES CARRIED 13 MILES.

Lassen Peak Sends Forth Steam A Mile High—Another Fissure Opened.

Red Bluff, Cal., July 2.—After less than 24 hours of quiescence Lassen peak burst forth early yesterday in a stupendous eruption—the fourteenth in the series that began May 30. No flames were seen, but the vast plume of blackened steam from the crater waved a mile high in the sky and volcanic ash fell at Macomber flats, 13 miles distant.

For a little less than an hour the inverted cone of soaring gases maintained, sharply defined, the well-known volcanic outline. First from the mouth of the crater itself stood a vertical shaft of jet black ash. As the shaft rose it much-roomed outward, keeping at its heart the black core of ash.

So great was the force of the eruption that the height of the cloud seemed to equal the distance from the mouth of the crater to the plateau at the base of the peak proper. It was almost as if one mountain had been stood atop the other. At this distance there was the appearance of what seemed a thin sheet of gas hissing from a crevice or fissure on the north slope, distinct from the main crater. Two eruptions seemed to be going on at the same time.

The true volcanic nature of the eruption as determined by J. S. Diller, of the United States Geological Survey, was further emphasized today by the strong stench of sulphur perceptible at Volta and at Viola, 22 miles down the wind to the north,

PROPOSED BOULEVARD.

Captain James M. Oyster and Oliver S. Metzerott, two members of a special committee of the Washington Chamber of Commerce, appointed to investigate the route of the proposed boulevard to Mount Vernon reported that the route seemed excellent, but that they thought it might be difficult to raise $10,000 in Washington for the project, as requested. There was some doubt in their minds as to how much benefit the District of Columbia would derive from such a road. Finally Captain Oyster suggested that each automobile owner and merchant in the capital be asked to contribute $1. No action was taken. The committee did not make a final report.

Five million dollars of property value in Alexandria which have not been reported for taxation during the past ten years, have been assessed by Charles H. Callahan, Commissioner of Revenue, following instructions of R. Lee Moore, State Auditor, and as a result a big legal fight on the part of those who will have to pay the city and State a large amount of back taxes will follow.

Ten estates of deceased Alexandrians are involved, and if the contention of the State and city authorities are upheld, more than $100,000 in taxes will have to be paid into the city and State treasury. Of this amount, $80,000 is due the city of Alexandria and $20000 the State of Virginia.

The failure on the part of property owners to declare all of their property for taxation was discovered by W. N. Lipscomb, of Manassas, examiner of records for this district. He made his report to the State Auditor, who in turn, advised Mr. Callahan to make the assessment.

The bills for the taxes will be placed in the hands of City Treasurer Thomas W. Robinson, who will endeavor to make collection in the usual manner.

CARD OF THANKS.

We desire to express our most sincere thanks to those who have been so kind to us during our bereavement following the distressing accident which brought such a deep sorrow into our lives. We are thankful to the gentlemen who did all that they could do at the scene of the accident and to all for their many expressions of sympathy and other evidences of their friendship.

ANOTHER FINE IMPOSED

William L. Clift Again in Police Court for Selling Liquor on Sunday.

William L. Clift, who was arrested last Sunday on the charge of dispensing liquor from an ark in the northeastern section of the city, on Sunday, was brought before the Police Court this morning, his case having been postponed on Monday. He was represented by Robinson Moncure.

According to Sergeant Scott and Officer Reid, they made a descent upon the ark which is located a short distance south of the outlet locks of the old Alexandria Canal on Sunday morning. A negro having obtained a glimpse of the officers ran ahead of them, presumably for the purpose of notifying Clift, who immediately emerged from the ark and started north. The officers took him in custody and entering the ark began to explore. They found 82 bottles of beer and eight half-pint bottles of whisky together with liquor glasses.

Three men—Messrs Deane, Phillips and Chichester—testified that the liquor had been stored in the ark for the benefit of the party, who were contemplating a trip down the river.

Justice Caton, in summing up the case, said the explanations were vague and unsatisfactory, and he imposed a fine of $50 upon Clift.

This is the second time he has paid $50 for the same offense during the past few weeks.

The officers stated that there is chronic complaint of drunken men who on Sundays come from the location of this ark.

DOUBLE-TRACKING ON SOUTHERN.

Contracts for construction of nineteen miles of double track on the Washington Division, between Amherst and Elma, Va., have just been let by the Southern Railway. Contracts for the eight miles Amherst to Tye River, Va., was awarded to C. W. Lane & Co., of Atlanta, Ga., and for the eleven miles between Tye River and Elma, Va., to H. J. Dunavant & Company of Chattanooga, Tenn.

The lines to be constructed are through the Virginia Piedmont Country and will involve some very heavy work.

These are the first contracts let under the plan by which the Southern Railway Company expects to complete its double track between Washington, D. C., and Atlanta, Ga., in the next five years."

NORMAL SCHOOL BOARD

Governor Stuart Names Twelve Trustees—Will Announce Terms Later.

Richmond, July 2.—Appointments to the Virginia Normal School Board, which will, under the new law, hold trusteeship over all the State female normal schools for white students, have been anounced by Governor Stuart. The membership consists of twelve appointees, two at large and one from each Congressional district. The Superintendent of Public Instruction and the Governor are ex-officio members.

The appointments were as follows: Members at large—Richard B. Davis, of Petersburg, and W. Wayt King, of Staunton. Members by district—First District, Otto F. Mears, of Northampton; Second District, Merritt T. Cooke, of Norfolk; Third District, W. Clyde Locker, of Richmond; Fourth District, O. L. Shewmake, of Surry; Fifth District, Geo. B. Russell, of Charlotte; Sixth District, S. S. Lambeth, Jr., of Ettrick; Seventh District, Brook T. White, of Rockingham; Eighth District, Virginius Shackleford, of Orange; Ninth District, Judge John W. Price, of Bristol; Tenth District, Alfred B. Preston, of Botetourt.

Dr. R. E. Blackwell, president of Randolph-Macon College, and Judge Asa B. Watkins, of Farmville, were reappointed on the Board of Visitors of the Virginia Normal and Industrial Institute at Petersburg, for a four-year term, beginning today.

The new Virginia Normal School Board takes over the duties of trusteeship of four normal schools—the State Female Normal School at Farmville, the State Normal and Industrial School for Women at Fredericksburg, the State Normal and Industrial School for Women at Harrisonburg, and the State Normal and Industrial School for Women at Radford. None of the members of the old boards which now go out of existence was appointed on the new board which will enter upon its duties unhampered by old ties and traditions. It is understood that the old board of the Radford institute leaves behind it a burden of debt for which the members are personally liable. The other boards leave behind them clean slates.

MAY KEEP OWN LIQUOR.

But West Virginia Law Prevents Treating of Friends.

Charleston, W. Va., July 2.—The first court decision affecting liquor since the State prohibitory amendment became operative was handed down yesterday by the Supreme Court of Appeals, when it decided that it was no violation of the law for a member of a club to take upon the club premises liquor for his own use, without storage on the premises or for service to his friends.

The court had been asked to enjoin permanently the governors of the Edgewood Club of Charleston from putting into effect a resolution preventing members from keeping their own liquor at the club.

RAPS ROOSEVELT.

Gives New Light on "Taking" of Panama and Upholds Pending Colombian Treaty.

New York, July 2.—James T. Du Bois, Minister to Colombia under President Taft, in an article written for the New York World, severely attacks President Roosevelt for his course in 'taking" Panama, and defends at length the pending treaty, which he analyzes at some length. Regarding his difference with Colonel Roosevelt on this subject he expreses regret at opposing "a great leader whose fortunes I devotedly followed for ten years."

Negotiations for a treaty during the Taft administration failed, he says, because his instructions, out of excessive care not to impugn the motives of President Roosevelt in "taking" Panama, failed to give Colombia sufficient justice. The pending treaty, he believes, should be heartily approved by the American people.

Taking issue with Colonel Roosevelt regarding the character of the public men in Colombia, he declares that they compare well with the public men of other countries in intelligence and respectability, instead of being "blackmailers and bandits." Quoting Colonel Roosevelt's declarstion that the people of Panama were a unit in demanding the revolution, he says: "A handful of men, who were to be the direct beneficiaries of the revolution, conceived it and not the hundredth part of the inhabitants of the isthmus knew of the revolt until an American officer, in the uniform of the United States army, raised the flag of the new republic."

BURGLARS GAGGED DUMB MAN.

He Also Was Deaf, so They Had to Write Their Demands.

Philadelphia, July 2.—Worth Jenkins, a deaf and dumb newspaper carrier of Camden, was bound, gagged and thrown into a closet by three burglars yesterday morning to prevent him from making an outcry while they were ransacking the house. He handed over his pocketbook containing $39.

Jenkins was alone in the house, his wife and two children being away on a visit. The men seized him in bed and after gagging him demanded his money. When they realized that he could not hear they wrote their demands on a piece of paper.

Petersburg, Va., July 2.—News received here yesterday of the drowning of Wade Harrison Hall, aged 15 years, the son of Sonnie Hall, of Burrowsville, Prince George County. The drowning occurred on Monday evening in a creek near Burrowsville, where young Hall and several compasions had gone swimming. Hall was seized with cramp, and although his companion did everything to save him, he was drowned. His body was recovered.

Newport News, Va., July 2.The forty-fifth annual convention of the Virginia Dental Association was called to order in Hotel Chamberlin, Old Point, yesterday morning by President William H. Ewald, of Norfolk. The convention will last until Friday.

Among the speakers was Dr. R. F. Simmons, of Norfolk, who spoke on "A Few Suggestions on Pyorrhea." A general discussion of various dental subjects followed.

Dr. I. H. Wills, of Norfolk, will lecture Friday afternoon on "Gilmore Attachment," and Dr. Willam H. Pearson, of Norfolk, on "Orthodontia." Dr. J. H. Costenbader, of Norfolk, will lecture on "Method of Restoring Part of Superior Maxilla." Among the speakers from other parts of the State is Dr. H. W. Campbll, of Suffolk.

KILLED BY EXPLOSION

J. H. Wallace and W. B. Glenn Lose Their Lives in Charlotte.

Charlotte, N. C., July 2.—J. H. Wallace, chief of the Charlotte Fire Department, who was fatally injured yesterday morning in a dynamite explosion while engaged in fighting a fire in Cedar street, died in a local hospital. Firemas W. B. Glenn was instantly killed by the explosion. The fire is believed to have been of incendiary origin. The police are investigating the case.

Responding to an alarm, a barn was found to be burning briskly, and it was while fighting the flames that dynamite stored in a house nearby exploded with the above results.

GOOD RESULTS FROM DEMOCRATIC RULE.

The Democratic administration ended the fiscal year Tuesday with a surplus of $33,784,452, disregarding the payments on the Panama Canal in the last twelve months. When these payments, aggregating $34,826,941, are included, the fiscal year ended with a deficit of $1,010,058.

Thus the returns have fulfilled Secretary of the Treasury McAdoo's prediction that the treasury would finish the fiscal year with a surplus of about $30,000,00, if the Panama canal payments, for which the treasury may reimburse itself through bond sales, were disregarded.

A statement issued by Secretary McAdoo last night shows that the treasury has obtained from the income tax only $28,306,336, instead of the $55,000,000 which the experts had estimated. Thus the income tax has fallen about $26,000,000 short of the amount expected from it.

Secretary McAdoo said in his statement that he was exceedingly gratified "at the showing which has been made, and that he has sent telegrams of congratulation to Representative Underwood and Senator Simmons, the authors of the new tariff laws, and to President Wilson."

The total ordinary receipts were $734,343,700 and the total ordinary disbursements $700,559,248, or a surplus of ordinary receipts of $33,784,452.

The above exhibit is gratifying to democrats throughout the country after having read for months the dismal forecasts of disgruntled republicans of the results of the procedures of the present democratic administration.

ANNIVERSARY OF ASSASSINATION.

Thirty-three years ago today James A. Gerfield then President of the United States, was shot down in the Sixth street depot in Washington by Charles Guiteau, a crank, who was thirsting to get his name into history. The President lingered two months before death overtook him, while the best surgical aid in the country was employed in futile efforts to ward off the dreaded blood-poisoning, which eventually developed from the wound.

President Lincoln had fallen from an assassin's bullet twenty years before in a Washington theatre. Twenty years after the murder of Garfield President McKinley was assassinated at the Buffalo Exposition by an anarchist named Czolgosz.

Mr. Peter Aitcheson, one of Alexandria's old and well-known citizens, was present when each of these tragedies occurred. He was in Ford's Theatre in Washington when Lincoln was shot by Booth; at the Sixth street depot when Guiteau assassinated Garfield, and at the Buffalo Exposition when McKinley was shot down. He is probably the only man in the world who was nearby when all these murders were committed.

RESIGNS AS COMMANDANT

But Wise Will Continue to Teach Law at Institute.

Richmond, July 2.—Colonel Jennings C. Wise, commandant of cadets at the Virginia Military Institute, Lexington, has tendered his resignation as such to the Board of Visitors of the institute and it has been accepted.

Colonel Wise will retain his position as professor of law, having been elected to that chair at the time that he was made commandant of cadets.

It is understood that Colonel Wise was rigid in his discipline. There are reports that some friction occurred between the commandant and the classes because of his insistence on rigid compliance with every military duty.

So far there has been no mention of a successor to Colonel Wise as commandant. The position will be filled before the opening of the fall session.

FLIES 60 MILES AN HOUR

Porte Drops America Into Water and Ascends at Will.

Hammondsport, N. Y., July 2.—Speed trials and a bench test of the new propellers marked yesterday's work on the Rodman Wanamaker transatlantic flying boat. At noon Lieutenant Porte, who is to pilot the boat, took the America out for the longest trip she has made in the air since the trials began a week ago. He flew off down the lake several miles, alighting on and rising from the water several times. Apparently he had no difficulty in bring the machine to planing speed on the water. On a trial against time over a marked course, the machine showed a speed of 60 miles an hour. During this test the motors were running at 1,200 revolutions per minute instead of their maximum of 1,300.

MAY ATTACK DURAZZO AGAIN.

Rebels Defeat Troops Loyal to Prince William.

Durazzo, Albania, July 2.—A force of Albanian Government troops which had remained loyal to Prince William was defeated by the insurgent Albanian Mussulman tribesmen at Malkuch, a little north of Durazzo on Sunday, but the news was suppressed until yesterday. The Government troops, under Prenk Bib Doda, were compelled to retire to Ishmi, near the coast between Durazzo and Alesio.

The defeat and flight of the loyal troops are attributed in Government circles to foreign influences and also to the fact that Prenk Bib Doda's men had dispersed into small bodies and had gone on pillaging expeditions on their own account.

It is feared by the authorities here that the rebels are now concentrating their forces preparatory to making an other attack on the capital.

"GETS-IT" FOR CORNS ON YOUR PIGGY-WIGGIES !

Quit Puttering With Corns. Use This Sure, New-Plan Cure.

A few drops of "GETS-IT", the biggest seller in the world today of any corn remedy, is enough to spell positive doom to the fiercest corn that ever cemented itself to a toe. It's

These little toes had "GETS-IT" — These little toes had none.

good-bye Johnnie. You apply "GETS-IT" in two seconds—no fussing with plasters that don't stay put, with salves that make corns "pull" and make the toe beefy and raw, with knives, scissors, razors and diggers that make corns grow faster and that may cause blood poison from corn-cutting and corn-bleeding. "GETS-IT" shrivels up the corns, they come right off. That's the new principle. It's just common sense. No more corn-pains. "GETS-IT" is safe, and never hurts the flesh. Get rid of corns and calluses.

"GETS-IT" is sold at 25c a bottle by all druggists, or sent direct if you wish, from E. Lawrence & Co., Chicago.

FLESH-FORMING FOOD

When you buy a package of Samose, the great flesh forming food, weigh yourself and see how much you gain in the first week's use. E. S. Leadbeater and Sons will tell of many of their customers who a month or so ago were thin pale and haggard but who are now, through the use of Samose, plump, strong and happy, with perfect health and attractive flesh. They have seen so many instances of the wonderful power of Samose to restore the weak and sick to strength and health, and to make good natural flesh that they give their personal guarantee with every package of Samose they sell to refund the money if it does not prove satisfactory.

Samose is a pure preparation, and can be used with absolute confidence by the most delicate. It gives remarkable results with children who are weak and run down and without appetite.

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework.

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

A SUPERSTITIOUS WOMAN

Norfolk Couple Have Bad Fight Over Bottle of Worms.

Norfolk, Va., July 2.—Because some one placed a bottle of worms on the left side of her doorstep, where she would have to pass in entering her house, Corine Morgan became satisfied that she was being conjured and taking a large carving knife in her hand, started up stairs to see Cora McCoy about it. Cora told Corine that she was foolish to believe in such stuff and then Corine made her attack.

She slashed Cora in the back, in the arms, on the body and on the limbs and finally stabbed the knife between the two bones in the right forearm, breaking the blade off in the middle, leaving half of it sticking in the woman's wrist. By this time Cora had possessed herself of a large plate and two heavy blows on the head staggered Corne to such an extent that Corine's husband, who came in about that time, had no trouble in handling her.

In court Corine claimed that Cora had first attacked her with a hatchet, but Justice Barron decided that Corine had been the aggressor and sent her to the Grand Jury. Cora denied that there had ever been a hatchet on the premises and her case was continued.

Fifteen-Year-Old Girl Unfolds Her Story in Danville.

Danville, Va., July 2.—A story of mad infatuation, which resulted in the downfall of a married girl, fifteen years of age was unfolded Tuesday afternoon in the Federal Court room before United States Commissioner A. C. Edmunds, lawyers and a knot of witnesses and spectators when H. A. Adkins, a prominent merchant of South Boston, was given a preliminary hearing on a charge of violating the Federal White Slave law. The hearing lasted three hours and during that time a close investigation was made into the past four weeks of the life of Ruth Royster, a girl from Durham, N. C., who, according to testimony brought out, forsook her husband of a month, stepped into an automobile in front of the Durham postoffice and took the first downward step which finally led her into the witness chair here Tuesday, where a revolting tale was drawn from her by her attorney, E. Walton Brown, of this city. Joe Stebbins, of South Boston, and Judge Henry Wood, of Clarksville, Va., who represented the defendant. At the end of the hearing, which lasted until half-past four o'clock, Adkins was sent on to the Federal Grand Jury, which meets here next October, and a bond of $1,000, put up by his brother, W. I. Adkns, was required of the defendant.

PROHIBITION DOES NOT PROHIBIT

LET EACH COMMUNITY DECIDE FOR ITSELF

Royal E. Cabell Gives Facts and Figures From Actual Experience.

Addressing a meeting of several thousand Virginia citizens recently, in reference to the coming election in Virginia in September, Royal E. Cabell, formerly United States Commissioner of Internal Revenue, whose special duty it was during that time to see what the conditions were in the so-called prohibition States, gave some pertinent facts and figures in reference to State-wide Prohibition and its failure. Mr. Cabell said:

"My experience and my observation while I was connected with the Federal service led my judgment to this definite conclusion, that the liquor laws of Virginia, based on local option and local self-government, are as good as the liquor laws of any State in the Union; that the regulations are as strict and that they are as well enforced as those of any State in the Union; and that the situation in Virginia with respect to alcoholic liquors, whether considered from an economic, social, moral and law enforcement standpoint, is as good and far better than that existing in any of the so-called prohibition States."

PROHIBITION DOES NOT PROHIBIT.

"Records, Federal and local, show that the enactment of State-wide prohibitory laws not only does not prohibit, but that it does not diminish the consumption of strong drink in the area covered by such laws, and that in many sections of such area an actual increase is indicated."

STATE-WIDE PROHIBITION INCREASES CRIME, SOCIAL DISORDER AND CORRUPTION.

"That as State-wide prohibition destroys regulation of the sale and handling of liquor, the handling of that business, or the sale of liquor, passes from the hands of responsible persons into the hands of irresponsible persons, the baser and the lower portions of the population, with the result that the vilest kind of liquor and liquor substitutes are sold to people illegally, resulting in increased crime, social disorder and corruption; that use of habit-forming drugs is promoted and increased, and that, instead of improvement in such States, there is indicated a strong probability and evidence of impairment of the social fabric.

"The internal revenue records show that when State-wide prohibition is enacted in a State, the distillers simply go across the line into the nearest wet State, from which there are advantageous freight rates; or, if they go out of business, the distillers in these other States increase their business to include the production of the territory which they would naturally serve; that the increase in output in such neighboring States is as great or greater than the entire former output in the State that has gone dry. It causes increased shipments in dry territory. That it does not even put dealers in alcoholic beverages out of business; but, on the contrary, from two-thirds to three-fourths as many persons qualify under the Federal laws to sell liquor after the State passes prohibition laws as had qualified prior to the enactment of such laws. Bear in mind that every person who sells alcoholic liquor is required to qualify, under Federal laws, without regard to State laws. There is an enormous increase in illicit distillation."

"Bear in mind that twenty-four States in the Union have, at one time or the other, enacted State-wide prohibition laws, and that of those twenty-four States only nine have those laws now on their statute books. Fifteen of twenty-four States that enacted prohibition laws no longer have them on their statute books."

BIG SHIPMENTS INTO PROHIBITION TERRITORY.

"In a number of localities railroad shipments are checked up and recorded by State authorities. Thus we find Topeka, Kansas, during one month, received in this manner 90,000 quarts of liquor; Memphis, Tenn., for the last six months of 1912 received by rail alone 112,000 gallons of hard liquor. It was found that in the years of prohibition, Birmingham and Jefferson county were handling as much liquor traffic as was handled prior to prohibition. There is more drinking in Kansas now than ever before. Prohibition in Kansas is a fetish, a sort of blind worship. It has failed signally for thirty-eight years."

PRESIDENT WILSON OPPOSES STATE-WIDE PROHIBITION.

"President Wilson, at whose feet I had the honor of sitting when a student at Princeton, has put on record his opinion, which has been quoted to you, in which he expresses vigorous opposition to State-wide prohibition as violating fundamental principles of local self-government."

"We all need have no fear that if the citizens of Virginia do appreciate the principles involved they will do as our forefathers have done, will meet and overcome this attack even as they have met and overcome every other similar attack, however, disguised, and will save to ourselves and to our posterity the blessed heritage of local self-government that has come down to us from our ancestors."—(*Adv.*)

TO THE OWNERS OF DOGS.

The law of the city makes it the duty of the Mayor to give public notice to persons owning or harboring dogs to come forward and take out license for the same from the City Auditor or be reported and fined upon failure to do so.

The license law requires this tax to be paid before July 1, 1914. The law also requires that the tag shall be worn on the collar of the dog. This is a requirement that can and must be complied with. The policemen are expected and are directed to report to the police court the owners of all unlicensed dogs. The license on each dog regardless of sex is ($1.50) One dollar and fifty cents.

Tee Up! Smoke Up!

As satisfying as the sounding smack of the perfect drive, is the open-air relish of the perfect smoke—Tuxedo. Both go together, too. When you grab your bag and start for the links, grab up your tin of Tuxedo and take it along.

"Follow through" the snappy afternoon with Tuxedo. Put Tuxedo in your pipe and you will *"put"* the best. And at "the nineteenth hole" rest up and relax with a good, solid smoke of Tuxedo. That's the advice of good golfers everywhere.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

It's worth *your* while to *try* Tuxedo. Especially if a sensitive tongue prevents pipe smoking.

Tuxedo positively *cannot bite*—not even if you smoke pipeful after pipeful, as many as you can crowd into a day or a week.

Tuxedo is made of only the finest, choicest, selected leaves of perfectly aged Burley tobacco. It is made by the original "Tuxedo Process" which removes *every trace* of *bite* and *sting* and develops *all* the wonderful mildness, fragrance and flavor of the Burley Leaf in a way that no other brand of tobacco has ever successfully imitated.

LIQUOR FIGHT IN OHIO.

"Wet" Interests Combating Campaign in State-Wide Prohibition.

Columbus, Ohio, July 2.—Two battles on the liquor question will start in Ohio this week. "Wet" interest will start the circulation of petitions to initiate a constitutional amendment forbidding State-wide prohibition. "Dry" forces led by the Anti-Saloon League, will circulate petitions to submit a constitutional amendment establishing absolute prohibition in the State.

Both campaigns started yesterday. "Liberal" interests submitted the form of their petition to Secretary of State Groves, who approved it. They announced their petitions would be in the hands of circulators before Saturday.

Trustees of the Ohio Anti-Saloon League met here after voting individually at the proportion of 6 to 1 for the submission of a prohibition amendment to voters this fall. Wayne B. Wheeler, State superintendent of the league, declared the trustees would vote formally for the campaign. He said petitions will be prepared hastily and probably will be circulated among church goers next Sunday for the first time.

MURDER OF MRS. BAILEY.

Murder in Doctor's Office Still Puzzles Police.

Freeport, N. Y., July 2.—Investigation yesterday of the mysterious death by shooting of Mrs. Louise Bailey in the office of Dr. Edwin Carman Tuesday night led to the discovery that a dictagraph had been installed in the physician's office, with a concealed wire leading up stairs to the bed chamber of Mrs. Carman and that on Thursday last Mrs. Carman had obtained additional batteries in order that the delicate instrument might be so finely adjusted as to transmit clearly the faintest sound from the physician's office.

"I don't want to get a divorce," she said. "I simply want to overhear what he says to women. I have a young child whose name I must protect."

She went on to explain that she believed her husband was too friendly with a woman he sometimes employed as a nurse and that she had seen him kissing this woman and had disturbed them by knocking at a window.

TO GO ARMED IN ULSTER.

Unionists to Offer Amendments to Home Rule Bill.

London, July 2.—Ulster volunteers have been notified, according to the Belfast Echo, that the time has arrived when on in order from their commanding officers the men may carry arms openly and that any attempts to seize the arms or the volunteers who may be carrying them in accordance with this order is to be resisted.

When the bill to amend the IHsh Home Rule bill came up yesterday for second reading in the House of Lords, the Marquis of Lansdowne, the Unionist leader, announced that as Ireland was one vast armed camp it was necessary to find a way out of the calamity which was threatening.

The Unionists, therefore, he said, would give the amending bill a second reading and introduce amendments during the committee stage in regard to the area to be excluded from the operations of the home rule bill, the duration of the exclusion and the government of the excluded area. The Unionists, he concluded, would not agree to the second reading of the home rule bill itself.

Best Diarrhoea Remedy.

If you have ever used Chamberlain's Colic, Cholera and Diarrhoea Remedy you know that it is a success. Sam F. Guin, Whatley, Ala., writes, "I had a measles and got caught out in the rain, and it settled in my stomach and bowels. I had an awful time, and had it not been for Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not possibly have lived but a few hours longer, but thanks to this remedy, I am now well and strong. Why Suffer from Rheumatism?

When relief from rheumatic pains may be had at so small a cost it is surprising that anyone should fail to avail himself of it. Joseph Copparelli, Canastota, N. Y., suffered intensely with pains due to rheumatism in his limbs for a long time A friend told him about Chamberlain's Liniment. One application relieved him wonderfully, and a few days' treatment effected a cure. Many others have found quick relief by applying this liniment. For sale by all dealers.
